

2017 JUPAS (HKDSE) Admission Scores

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for selection purposes.

The information contained here is based on the admission scores (with weightings applied where appropriate) of offered applicants in the JUPAS main round admission exercise. Students admitted through special admission routes (other experiences and achievements in competitions/activities, school principal's nominations, sports talents, disabled applicants and Home Affairs Bureau Multi-Faceted Excellence Scholarship) are not included.

Students are reminded that because of the different weightings adopted, the admission scores are not comparable across programmes and different admission years. The sample cases are for reference only and should not be used to predict the chance of admission. The selection criteria vary each year, and many types of scores are used in the selection process. In addition to public examination results, other factors (such as band choices, interview performance, etc.) may also be considered.

Scoring Scale:

Category A Core and Elective Subjects (including M1/M2)							
Level	5**	5*	5	4	3	2	1
Score	7	6	5	4	3	2	1

Category C Other Language Subjects					
Grade	A	B	C	D	E
Score	5	4	3	2	1

Remarks: Category B Applied Learning subjects are not considered in the score calculations.

If students take both M1 and M2, they are counted as one subject only.

For programmes with less than 15 offers, only one 'median' sample case and one 'lower quartile' sample case are presented.
